Project design and build 2018 - David Bishop a.k.a. 1EYE WOODY

All material is 1/2" thick
except where indicated

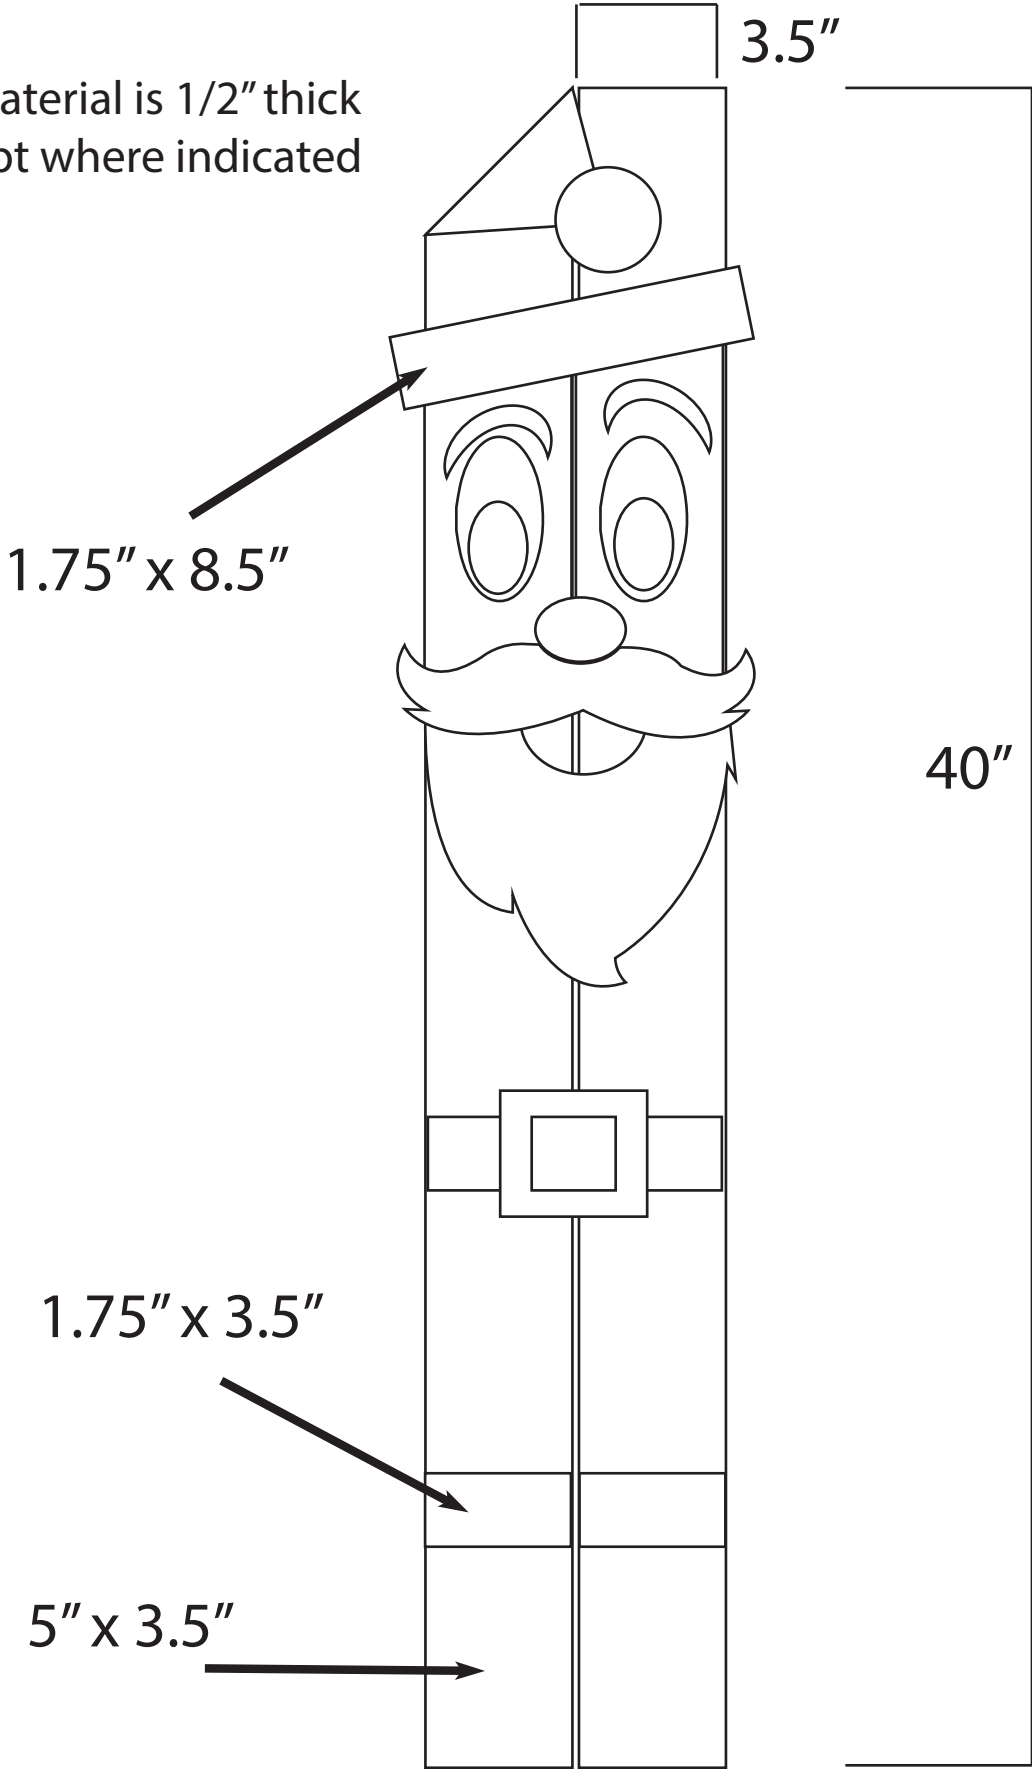

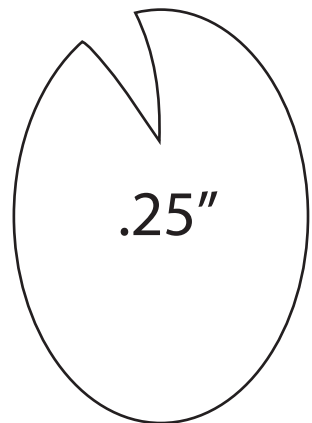

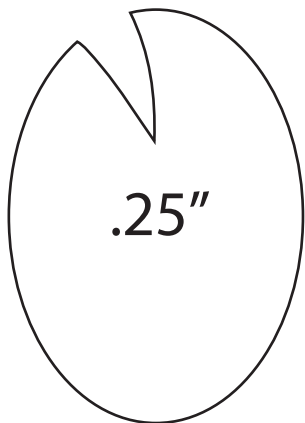

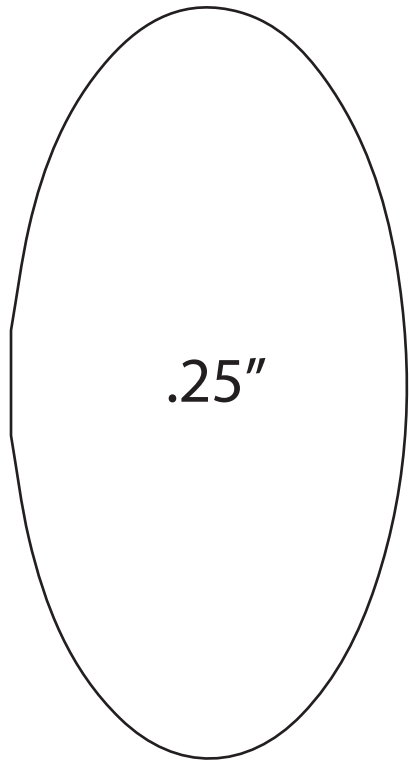

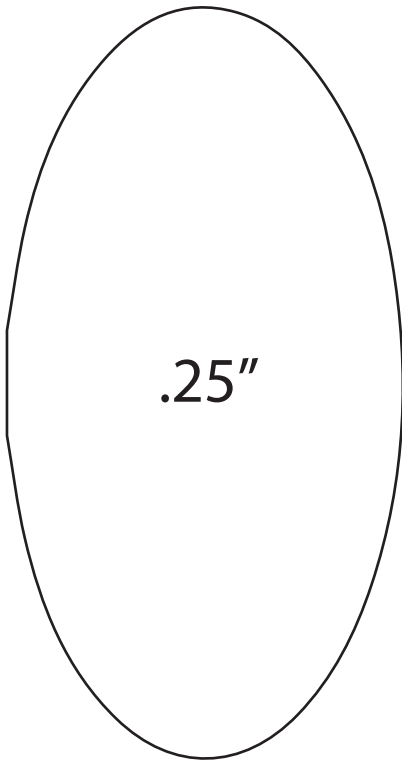

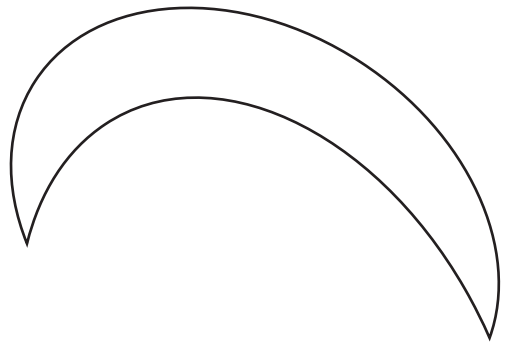

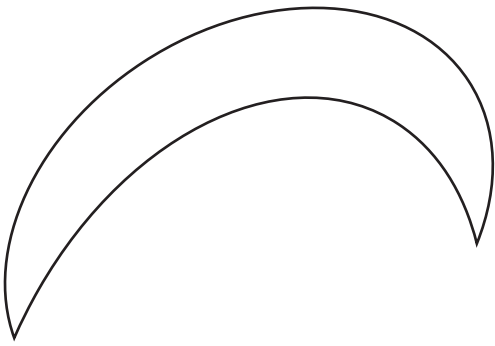

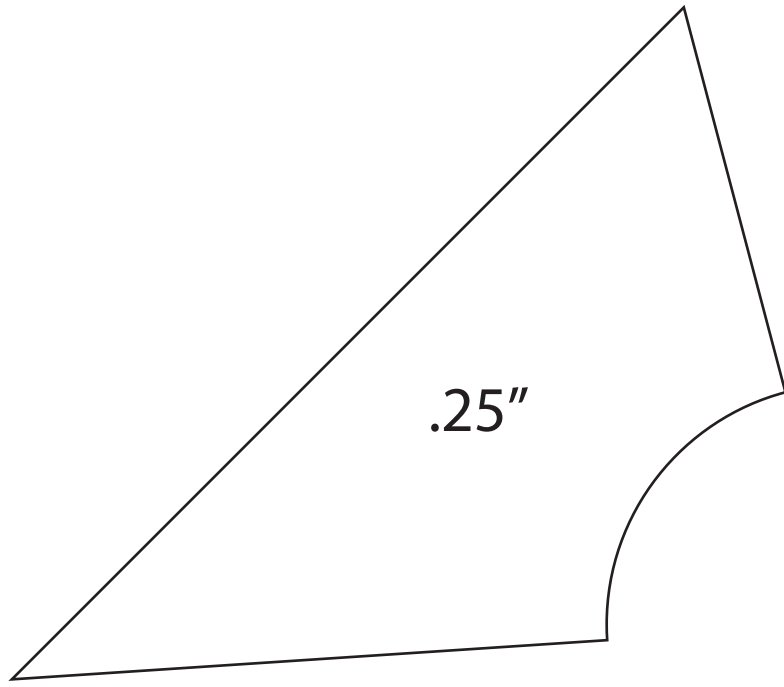

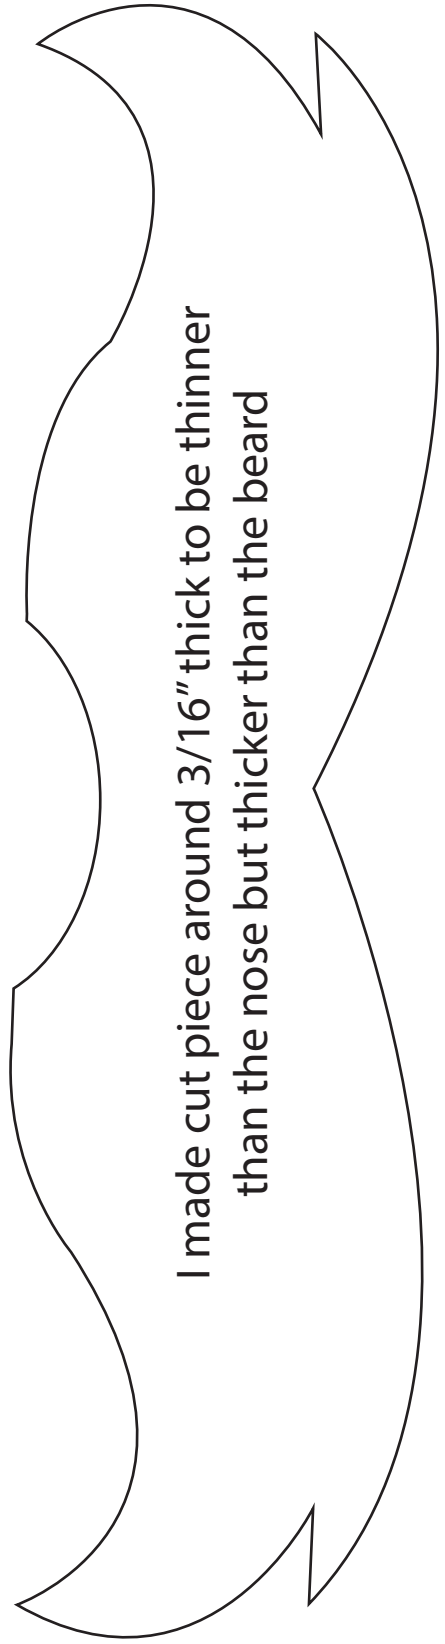

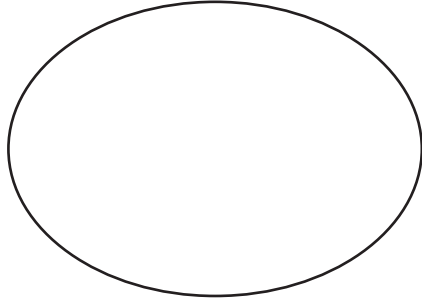

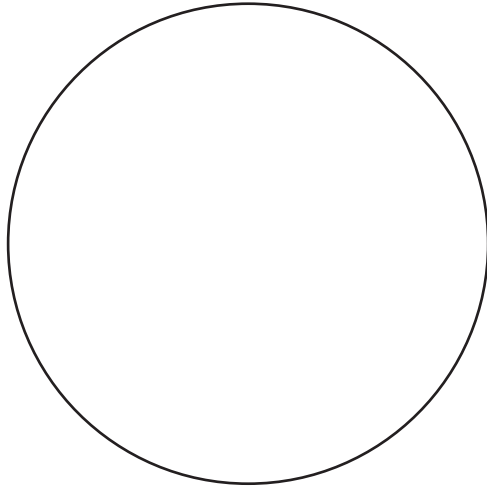

All material is 1/2" thick except where indicated

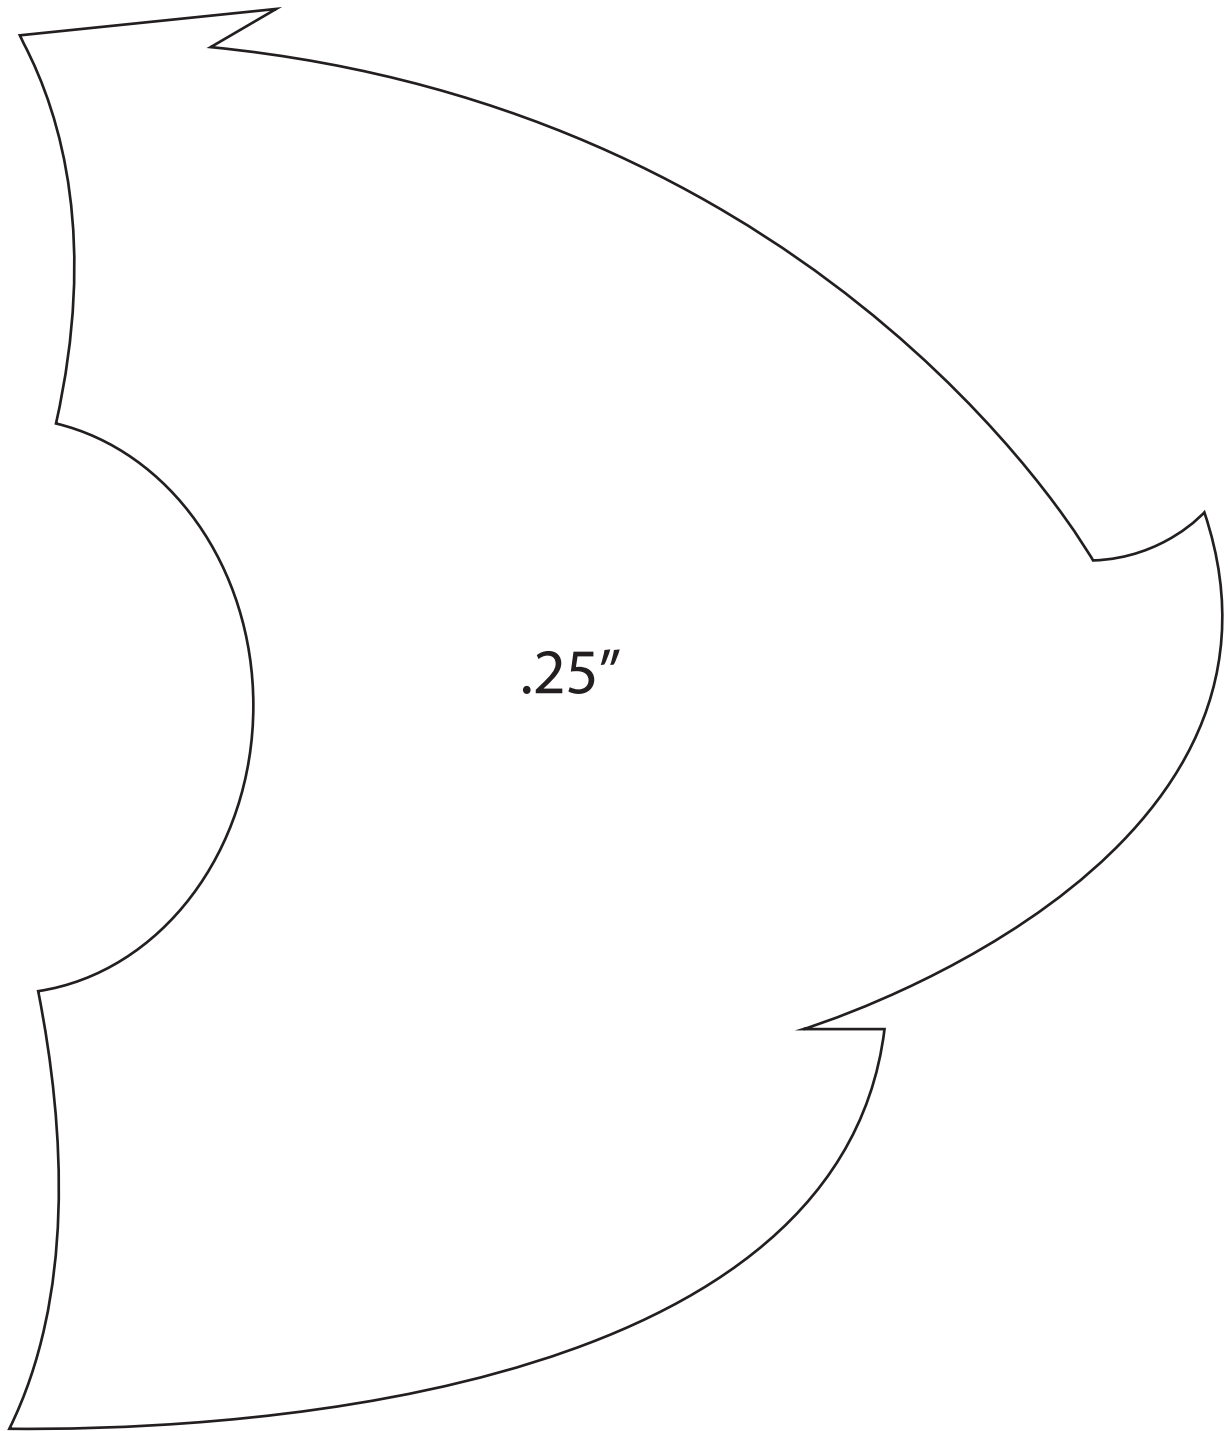

.25"

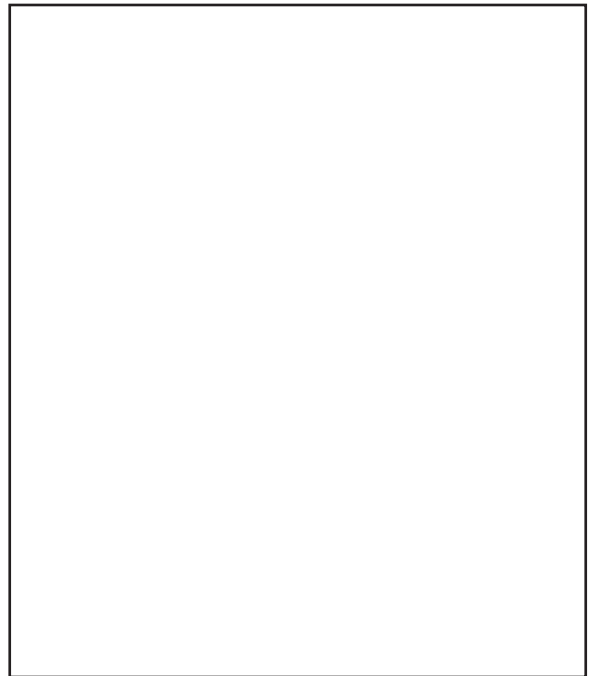

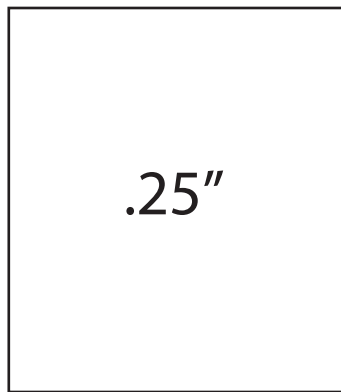

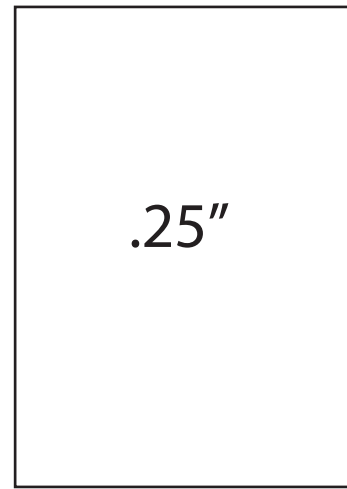

I made cut piece around $\frac{3}{16}$ " thick to be thinner
than the nose but thicker than the beard

I cut this piece from 1/4" plywood for a cleaner look to span the width of the Santa

Be sure to cut the length of this
piece to accommodate
for the width of your snowman

Be sure to cut the length of this
